AOTTP

PESCAO

TRUE
FISH

ECOFISH

PEUMP

Existing Fisheries and aquaculture programmes

- *Regional programmes: PEUMP (45M EUR), PESCAO (15M EUR), ECOFISH (28M EUR)*
- *AOTTP (13,6M EUR)*
- *National programmes: Mali, Mauritania, Ghana, Liberia, Uganda, Somalia, Cambodia, Myanmar, Thailand, Vietnam, PNG*

Very different in size, scope and approaches

++ Cooperation with EU Member States

State of play (2018) Today: 386M EUR

Other programmes related to SDG 14

- BIOPAMA II (20 out of 60M EUR)
- ACP support to RSC (9,2M EUR)
- Coral Triangle (10M EUR)
- ACP Small Island Developing States (SIDS) and Coastal Countries programme (35M EUR)
- PacWASTE+ (17M EUR)
- GMS Africa

[Progress report on International Ocean Governance](#)

New fisheries and aquaculture programmes (1)

- *Support to African Union (12M EUR) – follow up of FISHGOV*
 - **Positive outcomes (coordination /PFRS and networks)**
 - **Limits: lack of focus, limited synergies with other AU initiatives, limited policy dialogue**
 - **New programme**
 - More focused / added value of a continental approach
 - Should take into account AU institutional reform
 - Managed by EUD in Addis Ababa

New fisheries and aquaculture programmes (2)

- *FISH4ACP (40M EUR)*
 - **Will follow a VCA approach**
 - **/ solid VC analyses covering economic, social and environmental aspects (inspired of VCA4D)**
 - **FAO to develop a common methodology**
 - **Call for manifestation of interest launched in April – 71 proposals, some 40 countries, both fisheries and aquaculture VC**
 - **Final selection in Autumn, start of activities in January 2020**

New fisheries and aquaculture programmes(3)

- *Zambia / Aquaculture*
- *PNG*
- *Congo RDC*
- *Bangladesh*

*// Preparation of next EU programming exercise
2021-2028*

For further discussion...

- *Fisheries, aquaculture and Blue economy*
- *Cooperation with development banks and financial institutions in support to private sector*
- *Donor coordination in South West Indian Ocean*
- *Support to research, particularly in Africa and possible role of CGIAR/Worldfish?*

THANK YOU!
